STUDENT ATHLETIC RULES

All students who wish to participate on a Turners Falls High School/Great Falls Middle School athletic team should acquaint themselves thoroughly with the following regulations. Failure to abide by the following rules could be the cause of ineligibility.

1. All Massachusetts Interscholastic Athletic Association rules must be strictly followed. A copy of these rules is on file in the Athletic Director's Office. Students must meet district/school academic eligibility criteria.
2. Students must be in attendance for the entire school day. Students who come in after 8:00 AM will not be allowed to practice or participate in sporting events on that day unless excused by the school administration.
3. Turners Falls High School/Great Falls Middle School athletes must maintain sound sportsmanship and school citizenship in class, student affairs, and on the team.
4. Students assigned to in-school or out-of school suspension are ineligible for athletic activities on the day(s) of suspension. Should non-school days falls between suspension days, students will be ineligible during that period.

5. During the academic year of practice or play, students shall not (regardless of the quantity) use/consume, possess, buy/sell, be under the influence of or distribute any beverage containing alcohol, any tobacco products), marijuana, steroids, or any other mind-altering substance. It is not a violation for students to be in possession of a legally defined drug specifically prescribed for the student's own

use by their doctor. This rule applies in all situations, both on and off school property and includes all school- and nonschool -sponsored activities.

A. First Offense

Penalty: When the principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student will lose eligibility for the next consecutive interscholastic contests totaling 25% of all interscholastic contests in that sport. No exception is permitted for a student who becomes a participant in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. Any fractional part of an event will be dropped when calculating the 25% of the season.

B. Second and subsequent violations

When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 60% of all interscholastic contests in that sport. Any fractional part of an event will be dropped when calculating the 60% of the season.

If after the second or subsequent violations the student of his/her own volition becomes a participant in an approved chemical dependency program or treatment program, the student may be certified for reinstatement in MIAA activities after he/she has not participated in a minimum of 40% of events, provided the student was fully engaged in the program throughout that penalty period. The high school principal in collaboration with a Chemical Dependency Program or Treatment Program must certify that student is attending or issue a certificate of completion. If student does not complete program, penalty reverts back to 60% of the season. Any fractional part of an event will be dropped when calculating the 40% or 60% of the season.

6. All athletes must adhere to the MIAA loyalty to the high school team rule, as explained by the coach. Athletes must be in regular attendance at all practice sessions, games, and mandatory team functions. Planned absenteeism must be reported to the appropriate coach in advance. Absenteeism without a valid excuse or failure to report planned absenteeism in advance may be penalized by the coach.

7. At the end of the sport season, if equipment issued is not returned immediately, I shall reimburse the district for its value.

8. I have read and understand the Student Athletic Rules. I understand that the above-named student may be dismissed from the team for violation of the athletic rules and/or pertinent school rules.
